

IN THE CLAIMS:

Claim 1 (currently amended) A lottery ticket comprising:

a) a first game area comprising a plurality of rows, each row having a first end and containing a plurality of play indicia for playing a single game such that the number of games in the first game area is equal to the number of rows;

b) a second game area comprising a plurality of rows and the same number of rows as the first game area, each one row of the second game area being adjacent the first end of a corresponding row of the first game area, each row of the second game area designating a target indicia which if present in only the corresponding adjacent row of the first game area may result in a prize being won; and

c) a prize area comprising prize designations for at least one of the rows of the first game area, wherein ~~the~~ a player plays each of the rows and if a row of the first game area contains play indicia corresponding to the target indicia from the corresponding adjacent row of the second game area, a player may win ~~the~~ a prize designation set forth in the prize area of the row; and

d) and means for selecting each of the rows in the first game area and second game area to see if a prize is won.

Claim 2 (cancelled without prejudice).

Claim 3 (original) The lottery ticket of claim 1 wherein at least two indicia in the first game area are combined to obtain the target indicia in the second game area.

Claim 4 (original) The lottery ticket of claim 1 comprising:
a first game area comprising a plurality of rows of play indicia with each play indicia appearing on a face of a playing card.

Claim 5 (previously presented) The lottery ticket of claim 1 comprising:
a first game area comprising a plurality of rows of play indicia with each play indicia appearing on a face of a dice.

Claim 6 (original) The lottery ticket of claim 1 wherein at least some of the target indicia in the second game area are obtained by combining at least two play indicia from the first game area.

Claim 7 (original) The lottery ticket of claim 1 wherein the first game area has from 3 to 10 rows with each row having from 3 to 6 play indicia present therein.

Claim 8 (original) The lottery ticket of claim 1 comprising a third play area for designating a bonus prize, additional play numbers, additional target indicia or a multiplying feature.
